Printing technology
Pad printing

Notes

Colors: Black (100% K) or Pantone
The document should be created exclusively in the printing color black (100% K) or in a special Pantone color.

Fonts & Elements: embedded/ paved
All fonts and elements must be embedded in the print file. Fonts can also be converted into paths directly.

File format: PDF/X-4
We need the print data in PDF/X-4 format. The correct output condition is the color profile ISOcoated v2 (eci).

Resolution: Vectors
For this product we only need vector-based data. Unfortunately no pixel data can be processed.
